I am at the tail end of a motorcycle trip, have been on the raod for a couple of weeks making my way back to Colorado. I am an amateur photographer and have been shooting nudes at every stop. This has been the most enjoyable trip I have ever been on, I have met so many cool people who have become great friends that will come see again. I have shot so many different types of people and preferences, couples, men, kinky, tease, classy, older, younger and it has all been amazing...

I am going to be in Sheridan weds afternoon or evening and I am hoping that my amazing photojouralistic trip will continue..

I am hoping to shoot the following

... a woman in her early to mid 50's who still ooks sexy and knows it

... a woman who likes the kinky side of life.. I have had opportunity to shoot a couple of sessions on this trip but I am not really happy with the images I have so far.

... a really beautiful couple

I am open to anyone who thinks this sounds fun, but I wanted to get it out there what I feel is needed to round out what I have captured so far

These pictures will never be published, sold, or posted. This is simply a naked documentation of an amazing trip, you will be given copies of the best pictures of yourself in full high res.

I have met so many really cool people and had so many amazing and new experiences that if it is not cost prohibitive I am thinking about putting together al color book of the people i have documented on this trip (with your permission of course) and send one to all of you as a thank you and to share with you my experiences.
