Hello my name is Diana. I'm an experienced caregiver and I can also babysit. I'm looking for work. As a caregiver I have experience managing medication, meal prep, assisting with dressing and bathing and anything the job may require. I have worked with patients with many different types of disabilities and illnesses. I also have babysitting experience with children of all ages.

I am flexible on pay. I will work with you.

I am trustworthy, responsible, and dependable. I am always on time. I will be a caring companion to your family.
