

Looking for a Caregiver or Babysitter I have experience. (Antelope Valley)

Location **California** https://www.genclassifieds.com/x-637341-z

Hello my name is Diana. I'm an experienced caregiver and I can also babysit and I'm looking for work. As a caregiver I have experience managing medication, meal prep, assisting with dressing and bathing and anything the job may require. I have worked with patients with many different types of disabilities and illnesses. I also have babysitting experience with children of all ages.

I am flexible on pay. I will work with you.

I am trustworthy, responsible, and dependable. I am always on time. I will be a caring companion to your family.

I have been a caregiver for over 10 years. I am NOT a licensed nurse however.

I have references available.

While working in-home I will provide personal care, medication management, companionship, meal preparation, help with daily activities, anything required.

I'm available to start asap and am available all days of the week. I am also willing to do part time live-in.

"Honesty, Integrity, and Quality Family Care"

Call or text the number under the reply button day or night.
