I am re-homing 2 purebred dachshund puppies. One male is black & tan and one female chocolate. They are currently 12 weeks old and had their first shots and de-worming done. To ensure they go to a good family and to cover some of our expenses we are asking for a 3 5 0\$ re-homing fee. We love them to death but our current financial situation is forcing us to re-home them. We named the black and tan "Blacky" and the chocolate "Choco". Feel free to email me if interested or if you want to come and see them we can schedule a time.

Edit: Blacky found a new family yesterday. Choco is very lonely awaiting her new.
