I need someone to cut the weeds around our fence line, deck, flower beds, trees, mailbox, and drive way. It hasn't been done all year and is way over grown. There are also a few saplings that need cut down with chainsaw as they have become to large for nippers. Property is 1/3 acre with privacy fence. Haul off/clean up is not required, but helpful, you will be compensated. We will pay \$20 per hour. This is for Thursday, August 13.

Should you need to take a break ok, completely understandable in this heat. I have plenty of iced tea ?
