2014 North Fork Outlaw Avenger XX

Purchased Feb 2014 and lightly used Summer 2014. We are buying a different boat, therefore we need to make room our garage. This has been cleaned and stored in the garage whenever not in use. It can be deflated and transported in an SUV or larger truck. Please email if you have any questions or are interested in purchasing this. We are located in Shannondale which is just east of Charles Town WV. Cash or money order are preferred. Thanks for looking.

Retail price: \$3,200.00

Our price: \$2,200.00 or best reasonable offer.

The 12' Avenger XX is a great, very 2 person boat that can be easily converted to a 1 person boat. The Avenger has fantastic stability. It comes with a sliding deck and a removable standing lean bar. It works great with motors up to 8 HP with the optional motor brace kit. It has thermal welded pontoons with dual air chambers in each. Also included are the new deluxe insulated side pockets (that can double as coolers) with built-in rod holders, upgraded 2 piece 6061 T6 aircraft alum oars, oarlocks, oar-rights, cargo deck (which doubles as a motor mount), anchor system built into frame and all the straps and pins needed for the boat. It is also equipped with upgraded seats with the 2" cushions that are adjustable for leg length with an included pedestal (front fishing seat), and a double action hand pump. [Sorry, Labrador
