Doc is a doctor of love that's for sure,
His love for his people is simple and pure.

He loves to be pampered and pet and to play,
He will cuddle with you; for hours he'll stay.

A three-year-old long-haired tuxedo with a darling mustache,
And the fluffiest tail that's sure to make a splash!

With big dogs and small he gets along well,
And other kitties just as well.

He's a gentle young fella, ever so polite,
Likely to do fine with children that treat him right.

If you're looking for the feline package complete,
Doc is your kitty short and sweet!

In foster in Wasilla

He is neutered, vaccinated and microchipped. He can be adopted to a loving family for \$60. He will come with a one year money back guarantee. We promise that we will always be there to look after him as long as he lives. He will NOT be adopted out to a breeder.
