As i am no longer able to care for my pet TAZ a 2 year old Pomeranian mix with Chihuahua due to Work and school, I'm trying to free him to a more suitable home. The responsibilities i can no longer up hold due to not being home as much as before, so i can't give to him his need for attention and love. I be so tired most days that the responsibilities of caring for him are to much. Please contact me for more information if interested. I'm sad because i love him like family but I'm more concerned about his needs not being met by me, and although i want to keep him, he deserves better treatment. He is not fixed, and mated one time before, he is loving and feisty. very over protective of his owners. I going to miss him so much... this is my first ad so i didn't want to include my number don't know how this work yet, but contact my email and I'll get back asap, and he isn't
