I have to rehome my cat due to work and not being able to give her the time and attention she deserves!!! She is 7 months old and almost full grown... She is very love able and playful... She loves to cuddle up and relax with anyone!!! She is great with my niece who is 3 and very rough with her, she does well with other cats and loves to lounge around!!! She has never bitten or scratches on purpose and always welcome new people!!! I am asking a small rehoming fee to insure she goes to a good!!!!
