This couch is free to anyone who comes to get it. It is a five piece tan faux suede sectional couch in okay condition. Does have some stains on it and there are two cigarette burns on one of the arm rests. Nothing that a little TLC can't fix or cover up though! Every seat except the corner reclines, although one of the handles is broken. You can come and take a few pieces or the whole thing, we just need it to be gone by August 31st if possible and would love for it to find a new owner rather than end up on the curb :) Contact me via email and we can set up time for you to come and look at.
