

I'm female soprano with a large range and can sing in varying styles including Indie Rock/Pop, Americana, Pop, Punk pop, Electronica, New Wave etc. I am NOT a good choice for R&B, Metal, or rapping. I love those genres, I just don't have the voice for them, though I have sung hooks in the context of rap and hip hop.

You can hear some samples of my commercial work here: <https://secretsongs.bandcamp.com>

I charge \$150 per up to a 5 minute long song. This includes the Main vocal plus a sung (not copied) double of that track in case you want to thicken parts by mixing one lower. It includes one background vocal part (also doubled), potentially 2 back vocals provided they do not span the entire song.

If you would like me to travel to your home studio we can discuss that
I can provide the Aiff format of whatever you prefer

Please provide a range of recording songs. If my song is in your mind as a melody, then a little text to me. Please send songs with a pure word that I can hear and accurately follow for lyrics and rhythm. It can be out of tune as long as I know what you are trying to say. Lyrics sheet is a must.

If you want the song sung in the style of someone you love, send me a reference song so I can hear what you and envisioning.

At least half of the payment is due up front and half after you receive the files via Dropbox. If it's easier for you, you can pay all up front. I have references if you need them.

I can't help you write the song.
I'm currently not available to join projects, no matter how awesome.
I'm not available to sing live unless the payment is \$500+ per gig
as there is a lot more prep and energy that goes into a live performance.
I do not sing songs on spec.

Thanks for getting this far! I look forward to hearing from.
