All white ferret we call lazy larry.. Age unknown..Super sweet boy .. Loves to be scratched under the chin .always entertaining to watch...playful and loving.. Has never bitten anyone .. Somewhat cage potty trained.. Good with children too.. Sadly i have to rehome because the kids tend to leave the doors open when they come in and out and im afraid the dogs are going to get ahold of him.. After his three day outdoor adventure he has managed to be found and rescued alive ..id rather him go to a safe place.. Id prefer people with ferret experience.. He is a great pet?? comes with three teir large ferret cage with hammock water bottle hanging food bin and any remaining food.. Rehoming fee \$150.negotiable Please email text
