For sale 10 acres in beautiful Butte Valley, the hidden gem of the Shasta area in Siskiyou County. 45 minutes from Mt Shasta. From Hwy 5 take Hwy 97 to Meiss Lake Road and turn left. Drive through the pine forests past Butte Valley Wildlife Area -- to the paved road. The lot is 327' wide by 1328' deep. The first 700 feet is flat (228,900 square feet) with the back of the lot sloping up to a forestry road. The lot is on a paved road and there is power available at the street. In the winter this is one of the only areas where the roads will be plowed for snow so you will always have access to town. We love this area! The only reason we are selling is we want to purchase a larger lot down the street. If you want to "get away from it all" this is the place for you. The stars are beautiful at night and all you hear are. . . well actually you don't really hear anything but nature. The area is surrounded by Klamath National Forest with plenty of forestry roads for exploring. This is a perfect place for a vacation home or for camping with an RV.
