Hello. I found a lab mix about 2 weeks ago and is in need of a good home. I took him home since he was wondering my neighborhood and I felt sorry for him. I took him in but come to find our daughter is allergic to dogs. He is great with kids, very friendly, and house trained. He makes a great companion. If you're an animal lover and would like to save a life by taking him home, please contact me 213-2five8-nine43zero. Would really hate to take him to a shelter and be killed in a months time if no one were to adopt. Thank you and hope to hear from somebody.
