I just moved to town from Philadelphia and am looking to continue playing my songs and working on new ones with a new group of like-minded musicians. Would be great to play out once or twice a month and practice weekly. Was playing out a good deal before moving here. Vocals a HUGE plus and any other instruments welcome.

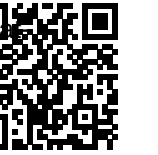

I have played and recorded under The Gallerist name for while now, both solo and with other band members and would love to continue with those tunes and possibly that name. Here is the info I typically put out to promoters about the project:

The Gallerist has been described as Philadelphia's "best kept secret" (WXPN's the Key) and was given a featured article leading up to the most recent album's release. In the past, we have been compared to the likes of Wilco, Jeff Tweedy, Ryan Adams, Glen Hansard and the Lumineers. Below are links to listen to and download the most recent EP, music video and a the recent-ish article.
