My name is Charlie Elessar. I'm moving from Indiana to Omaha on 9/10/15. I've played in numerous bands one of which was touring. I've got 15 years of experience. I'm going to start a band when I get there and I'm looking for capable musicians to join. I play rhythm guitar and do lead vocals. I can also play lead and play mandolin, drums, bass, banjo, cuatro, and a few others as well. I have various interests and influences. Just testing the waters right now. Hit me up if you're interested. Be over 21 and serious about getting somewhere with music. I'm open to genre and style, but I'm best with grunge, bluegrass, classic rock and metal. Also, if you're a rapper, we should talk. Lets melt some faces. Serious inquiries only. If you're not serious I will find you. And I will kill.
