I haven't been able to work for the last 2 months because my depression has gotten so bad it has led to severe agoraphobia. I am working really hard with my doctor to work things out and get to a better place but as it stands, I am doing horribly. I am about to lose my home if I don't have my rent paid by the 15th and I literally have \$17 to my name right now. I don't have anyone to reach out to for help so I'm posting here and hoping some kind souls would be willing to assist in my time of need. I can't lose my home now, not now. It's the only place I feel safe and I don't know where else I would go. Please respond if you can donate. Thank you so much for.
