Stay at home mom looking to care for your infant/child.

I am not a license daycare but I have several years of childcare experience with references. I reside in Commerce Twp. We have a Glengary Elementary School bus that comes through our sub should you need before or after school care.

I charge \$5/hour, and am available to help any time through the day based on your work shift. I require a minimum of 3hrs in a day(unless you need before school or afterschool care) and a maximum of 10 and a half hours/day however, I will only charge a maximum of \$40/day even if you child stays the full 10 1/2 hours. I do offer a sibling discount.

We are very active and get outside daily as long as the weather is nice. We play in our back yard, ride bikes or toddler cars in our crescent driveway, walk the sub, go to the park. We do crafts, bake(if age appropriate to help), read books, have free play and after lunch have down time of either naps or tv time.

Contact me via email for further details or if you have any additional questions.

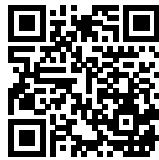

No Scams

God bless!
