Hello! Hopefully I captured your interest. I paint sports themed furniture, peace signs, and I also make beer/liquor bottle incense holders. The type of furniture I paint depends on what I can find. I mainly paint furniture such as end tables, chairs, and tables, but if you have already have something you want painted, just let me know and I'm sure I can make it happen! I also paint wood peace signs, any color(s) you want and if you want a name on it I can do that as well! And if none of these sound appealing, I also turn beer/liquor bottles into incense holders.
