

Lost Husky and Catahoula (Britton and Penn)

Location

Oklahoma

<https://www.genclassifieds.com/x-648516-z>

My daughter accidentally let the dogs out Saturday! We miss them very very much!

Both are females, the black husky with white markings is about 2 yo and very talkative. Our Catahoula is very silvery dappled and about 15! Their hips are probably both hurting by now. If you have seen them or have found them please email call or!!
