Blue Skies and Butterflies is a different kind of center, much different than the big corporate centers you typically see in our area. We have a beautiful campus with large mature trees and a lot of green grass for the children to play and experience nature.

We have several large outside play areas, one of which is covered. Our infant building is called the Cottage and it is set up on a hill with its own play area, part of which is also covered. We are a family owned center and the owner is also the center director.

Some of the other benefits we offer are:

- * A staff of highly educated and experienced teachers
- * A USDA meal program
- * Transportation to and from local schools

Please visit our web site @ www.BlueSkies-Butterflies.com.
