Preschool & Kindergarten. Learning is what we do here!

Rare full time openings in September! This space will fill quickly so call for a tour!

1500 sq ft just for the kids! We strive to make our school the best in every way, with one-on-one learning as well as excellent physical care.

We provide Preschool - Phonics- early reading, early math skills, calendar, geography, spelling, writing, matching, identifying, patterns, dramatic play, building, painting, play dough and more. Our Art Teacher is here every afternoon, creating tons of wonderful crafts and activities for the kids until they go home. Not cookie cutter crafts!

Love & Logic Teacher. No corner or naughty chair. I will teach your child how to manage getting along with others, making good choices, understanding how to talk and respect an adult and do it all in a loving manner that allows a child to feel empowered, not knocked down.

We are located in a private home that has been transformed for the children, offering more than the state required square footage. School room, play room, art room, and a parent drop off pick up area. Our home is cheery, safe, very clean and equipped with a large variety of educational games toys, books, puzzles and all manner of fun things.
