I'm a graphic designer who's been working professionally for about 6 years now. I'm a VCU graduate, and currently work full time as a designer for the state. Additionally, I work as a freelance designer, and have done a number of projects for people around town.

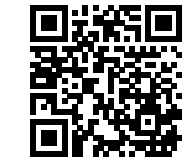

I'm wrapping up a big project soon, so I wanted to put out notice that I'm currently available for work. My specialties include branding and publication design--much of my work for the state is agendas, reports, and identity systems for conferences. I'm the designer behind Sweet. Sour. Salty & Co.'s identity system (if anyone is familiar with their delicious pickles), and did the website redesign for Tuckahoe Seafood.

You can view my work at [www.heyheyitskateforay.com](http://www.heyheyitskateforay.com). Please message me for rates and questions. I just made arrangements to start accepting card payments a few days ago, just as a FYI.

I look forward to potentially working with!
