A caring and responsible, 58 year old, Christian female is offering to care, sit, or be a companion for ambulatory elderly individuals in their home, hospital, or nursing facility. With my excellent driving record, I would also be willing to transport, to LOCAL appointments (doctor, dentist, beauty shop etc.). Other appointments, I would ride along in a van to accompany them, if needed.

Although I live in Colonial Heights, I'm very close to the Ettrick/Matoaca border, and would be willing to travel to any reasonably close tri-cities location.

My availability is 24/7, with notice, because of prior personal appointments which may have been scheduled, but I would be flexible in an emergency situation.

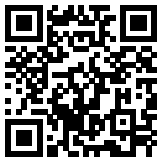

My experience working with the elderly includes 8 years as a volunteer at a local nursing facility. I would be open to any reasonable, negotiated salary, and am available immediately.

If you could use my services, or know someone who might, my number is This is a home phone, so I can't receive TEXT MESSAGES.
