Currently male singer/guitarist and keyboard player; both songwriters with lots of experience. We have a show coming up in October and would like to get a full band by then if possible. Major influences are Cold War Kids, The Neighborhood, Alt J, James Bay, X Ambassadors.

Looking for people in 20s or early 30s. We rehearse 1-2x a week (either at singer's house or rehearsal room - we are open to any options). Personality requisites: solid, reliable, intelligent, fun to chill with, and willing to practice and perfect songs within and outside of rehearsals.

If you are interested send samples of your work please. We have iPhone Voice Memo recordings on.
