My boyfriend and I are looking for a roommate to share a two bedroom apartment with. We are currently living in burlington, but want a bigger more affordable place, getting a two bedroom seems to be the only way to do this in the expensive city of Burlington. We have a 4 year old, well behaved loveable chocolate lab, so the apartment we find must be pet friendly. We are in our early 20's and work full time, we have been dating for 5 years, so no drama. I know getting a place with two people and their dog sounds like a lot, but we are very mellow, low key people (and dog) We like to do anything outside on our free time, hiking, running, kayaking, any thing we can do with our dog. We are looking for someone similar, responsible, and clean.

We have found a coupld of nice two bedrooms that we are interested in, but trying to find a roommate before going ahead with any.
