Need a Simple website done to advertise your business? If so I am here to help! I advertise at one of the lowest prices because I was scammed so many times when I was first starting out! I know what it takes to design a nice clean, SEO friendly website! I will also list your website on the most popular directories to increase visibility. I have listed all of the information below since I believe in transparency, I have a contract to ensure both parties are protected and satisfied with the outcome, most companies don't offer this(which is why I tell people be careful, many will take your money and run with no contract or not do what they said they would in the beginning).

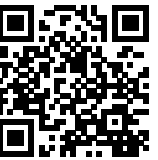

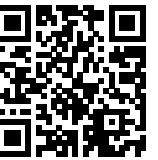

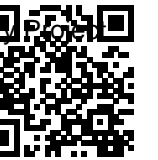

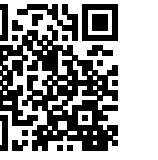

Price: Flat Rate \$440.00 - Payment Forms Accepted (Credit Card, PayPal)

What does my price include?
