

Wire 3 pendulum lights to one plug (Murfreesboro)

Location **Tennessee**
<https://www.genclassifieds.com/x-649253-z>

I have 3 lanterns I got from a local bar and would like to make them into a 3 lantern pendulum light fixture over my home garage bar with a light switch. Electrical box is 4 foot from bar.
 If interested and can do wiring please reply to this post with your name and number:
