

## 824 Accepting New Patients for Natural Medicine (Laramie)

Location **Wyoming**  
<https://www.genclassifieds.com/x-649374-z>

If you've been waiting for a chance to get with the best in natural medicine Laramie has to offer, now is the time.

Acupuncture & Chinese Medicine is now accepting new patients, with new patient appointments available on Monday 8/24. This will be the last "new" patient time available until September, though we can often make something work if there's a cancellation. Current patients are always welcome by appointment.

As far from assembly line medicine as it gets, a new patient visit runs about three hours, all one-on-one. .no sitting in a room twiddling your thumbs while a half dozen people run in and out. An initial visit is only \$80-, and includes a very extensive health history and lifestyle counseling, intake and treatment. On the first visit treatments usually include some amount of acupuncture.

Follow up visits usually run about ninety minutes and cost only \$50-. . .still one-on-one. Treatments usually get less invasive as time goes on; more bodywork, herbs/nutrition and exercise instruction.

Our focus is on preventing problems before they start. If problems already exist, priority shifts to resolving them before things get worse. Chronic issues generally take longer to resolve than acute problems.

Patient complaints range from cancers to seasonal allergies; success largely depends on patient attitude and choice. We don't treat accidents and trauma. You get what you treat. If you don't change your lifestyle, nothing will happen. "We don't cure" and "we don't seek balance to bring your life back to itself." The key to disease and pain comes from the patient, and 90% of all diseases are the result of inappropriate lifestyle choices.

Chinese Medicine is not for the lazy or uncommitted. I don't wish to waste your money or my time.

if you want miracles, pray.

- if you want someone to kiss your boo-boo and make it all better, run to Mommy.
