Hello, I'm a 22 year old female. I'm looking for a room to rent; Either in a house or apt. My price range is between \$300 and \$400 . It can be furnished or not furnished. My plan is to move to Fayetteville, Ar sometime between Now and January to eventually attend college. I'm currently living in Missouri. I don't have a set in stone date or month to move. Just working and saving for the time being. My move mostly depends on when a transfer from my work is approved. I haven't requested that as of yet. I'm still browsing my options. I've been having trouble finding an apartment that will accept my dog. She's my baby and I absolutely cannot part with her. She is well behaved and almost 14 years old. She is about 50lbs. So I thought room mating may be my better option. I'm looking for somewhere somewhat long term. I'm very friendly and very clean. I don't smoke or do drugs. I drink very rarely on occasion. I'm not a partier. I mostly keep to myself, but wouldn't mind having someone to hang out with from time to time. I'm looking for a female roommate preferably between the age of 20-25. I would like to roommate with someone who is also clean and respects privacy as I do. I don't mind providing references and such. Please contact me by txt or call with your information or for more of my info. Thank! :)
