Filmmaker is creating a GNR fan film and is looking for an Actor/Performer that looks like and can move & dance & strut like the one and only W. Axl Rose.

This will be a music video for one of their songs, shot in the filmic/cinematic style of the band videos from the late eighties and early nineties. Filming will take place at one location over one 12-14 hour day.

If you already own clothes that would fit the part, great. If not, a proper wardrobe will be provided (wig included). The outfit is not a Halloween costume. It has to look like the real deal.

This is a passion project for the Writer/Director so there is no pay. But you do get to be Axl Rose. And it will be a very, very fun shoot.

Please send photos and video of yourself as Mr. Rose, as well as a contact email in your response for consideration.

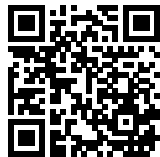

Good Luck!
