Mobile or On-Site Fingerprinting Service

I and a professional trained fingerprinting technician and offer to take your fingerprints for \$10.00 per card, on the FBI FD258 ten-print cards for "non-criminal" purposes. I have mobile service and can take them remotely at your home, office or business for adoption, real estate licensing, employment, HAZMAT, background check, name change, nursing license, expungement, concealed carry, Dept of Criminal Justice (DCJS) guard applications, and many other purposes. No need to go to the police station or Sheriff's office to be printed and wait in long lines or difficulties scheduling to make the trip. I have over 20 years experience fingerprinted hundreds of individuals in law enforcement and the private sector and never received one returned unclassifiable impression. I charge a nominal reasonable fee for multiple individual cards or group rates. Contact me for rates and schedule an appointment. Must have 2 forms of government issued photo ID. 100% satisfaction guaranteed. I do not run background checks on my customers. Hope to hear from you soon. Thank you for your time.
