

Need Experienced Quickbooks Person (Hallandale)

Location **Florida**
<https://www.genclassifieds.com/x-650758-z>

Currently i have a corporation i formed on 2015 (LLC) to own a small income producing property and i have another (S Corporation),already formed which i use for any commission income and another property i own under that (property is used as host of the business) I am not using it much these days, but it will need data entry as well. Scope of work needed:

- 1- Reconciliation of bank account statements on the two corporations.
- 2-Data entry of income received,money spent,Etc. on each one.
- 3-You must be located either in Aventura,Hallandale or Hollywood,Not interested on anyone farther than that.
- 4-I will collect all info and bring you a file on each corporation or you can pick it up at my office in Aventura.
- 5-You must have your own Quickbooks software,once each file is done, you will email them to me and i will email them to my C.P.A.
- 6-On the P.A., I will get you the 2014 final Quickbooks file from C.P.A., So you can update/create it on your system.
- 7-You will do the work at home on your PC or bring your laptop and do it all in one stop at my own office in Aventura if you prefer; (i don't have current Quickbooks and i will not buy one right now)

I will pay a flat fee of \$200 for each one,cash (any income under \$600 does not have to be reported as you are aware). I will only pay on a flat fee basis(amount of work is not more than 5-6 hours altogether).

Ideally, the job is perfect for someone who works full time as a bookkeeper and wants to make extra income on the week ends. I am letting up my business and i want to be they can help me with my former clients and i need someone to refer to the clients. So i am due to the business work, i need someone with background to work on you . I am looking for your email and will contact you. Thank You
