

119 1003510035 When you dont need physical space all the time (DOWNTOWN ORLA

Location **Florida**
<https://www.genclassifieds.com/x-650796-z>

There are many reasons for not needing a physical office space on a permanent basis. However, we know that for many home-based workers, entrepreneurial start-ups and companies who are looking to expand into new markets, having an address in a prime location, as well as call handling and business services support, can make all the difference to how your company is perceived in the marketplace.

****PRESTIGIOUS LOCATION****

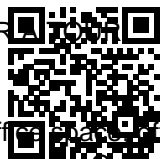

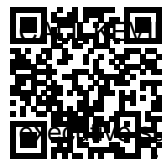

Virtual Offices allow our clients to project a powerful presence, wherever they need to be by choosing one of our prestigious landmark addresses -- from Downtown Jacksonville, major capitals, to famous suburbs and emerging overseas markets -- to use as their address for their business.

****PROFESSIONAL SUPPORT****

From personalized call answering and redirecting, mail collection and forwarding to preferential meeting room access or private use of office space, a Regus Virtual Office delivers all the benefits of a fully serviced workplace, without actually having to rent one.

****BENEFITS AT A GLANCE****

- Improved business image
- Cost effective support for any home based business
- An easy way to manage your calls and mail when you are out and about
- A risk free way to open in a new market
