These were well cared for vintage road bicycles from the mid 80s. They have been in weather proof storage for some time and will need minor maintenance, all parts are movable and in tact, tires are flat but may be able to be aired up, paint is good, no rust. All three are mens 26" bikes, with various labels "Made in USA", "Aluminum Alloy tubing", "Trek-TX", "Centurian", "Mangaloy 2001 Tange", "Quality from Japan-designed in USA", "Lemans RS", seat on one reads "Centurian anatomic", "Trek 400", etc.. They belonged to our deceased brother in law and sister who lived in California and rode 60-100 miles regularly. The gray Trek serial number is 286441. The Trek "Lemans 400" serial number is 47868 and the Trek "Centurian"s serial number is N7G5947. We may be off on the numbers as they were very hard to see, but I believe we have them right. We are selling them separately for 130.00 each. We will not respond to scam calls or texts that state buyer is overseas and sending courier with money to purchase. Buyer must call and speak with us and inspect bicycles prior to purchase. Please see contact information if you have any questions or have a serious interest in them. If you get my voice mail, we live in an area with spotty cell service, so please leave a message and I will return you call right.
