Plush comfort you can feel! A simple, affordable way to rejuvenate your sleep experience, this featherbed features EverPure feathers, providing clean, supportive comfort. The baffle box construction holds the fill in place and prevents shifting, while the attached 22" deep skirt fits today's deep mattresses and prevents shifting of the featherbed on the mattress. The 230 thread count, 100% cotton barrier weave fabric prevents the feathers from leaking while maintaining breathability and softness.

The featherbed's framed border is designed to provide extra edge support. The 2" gusset allows the feathers to fully loft to a height of approximately 4-5". Fill is made from 95% white feathers/5% down. Made in China.
