Please everyone ... I wasn't aware of what this hospital does to people and how much they don't care!!! They ruined my quality of life forever cause of what they did to me... When I told them many times what happened they didn't care!!! Please be aware that even when they make huge mistakes that change your life they will not care even when you tell them !!!.. Please email me and I will answer any questions you have ...if they can do it to me they can do it to you or your loved.....
