Hi i'am Laith London,I'm known as a stylish and new up coming designer in New York,I have done over 30 fashion shows and styled over 26 people for red carpet events,photo shoots,dates etc,I charge 250 the day you need me to come out and style you home visits also a option,other charges apply if you need me to take you shopping to pick out a outfit or you are at work and you want me do your shopping,I have done this many times and I have always surprised my customer,just by looking at you I can make a picture of what will look good on you and what I can make look good on you. This is beyond a fun experience,nothing better then styling a person that love the look I have build for them and ready to show off there new look to a friend or family member,I have also work with full sized females which is a honor to reveal the beauty they never knew they had or put clothes on them they never knew they can pull off. I'm Looking Forward To Open A New Look To Some That Feel There's Time For A Change Or Want To Try Something New.
