

Looking for a female nude model

Location

Ohio

<https://www.genclassifieds.com/x-652391-z>

Hello I am an amateur photographer looking to gain some experience shooting models. I would like this to be some sort of digital/instant/film mix. I would preferably like the shoot to be artistic topless or nude but if you are looking to have different types of photos taken for your own projects, we may be able to agree on that also.

If you reply please include a few pictures and an idea of what you are interested in doing and if you have or know of a suitable location for the shoot. Also some sort of trade would be preferable but would be willing to pay for time from the right model.

Also I am not looking for any specific age, race, or type other than being willing to pose. Note: You must be 18+ with ID as in do not even reply if you are not/without.
