A little about our family... We have 3 children of our own, 3, 5 & 8 years old that are very social and friendly as well as a very cool dog. We love working with children and engaging them in the world around them. I have more then 14 years experience caring for children in Anchorage. My husband is a medic II (always nice to have on site!) with a focus on pediatric care and we work together in the home providing a balanced and loving environment.

In our program we offer basic preschool and kindergarden and most of our little ones are well ahead of the class when they do actually begin attending school. Aside from Adam and myself we have 2 wonderful teachers that work with us in our program and run things when we are out of town.

I am a hands on very active person so we have many of field trips year round. We have a regular preschool schedule with arts and crafts as well as healthy meals through out the day, many of which the children help prepare (because its just fun to help cook!).

We host social events where our preschool families get together to play and visit i.e.; Sledding parties, picnics at the zoo or visits to the imaginarium. We have LOTS of fun and learn new things every single day. This is the kind of environment that you and your children will make friends to last a life time! In short ..its a really good place!

I'm including some pictures from the last 3 years of adventuring with the kids and many of you will recognize the places where they were. In the rest of the book, I must let you know about the aquarium in the Anchorage Museum, the Lego exhibit in the Anchorage Museum, Flat Top Island over the past 100 years on the east side of Anchorage, the Alyeska Skiing and Snowmobiles, the mountain view, the back yard and beach and the other great views in our area, cooking something up.

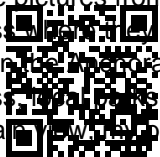

You can call me at the number below but please ALSO please email me through this ad with your name and the details involving your children i.e.; Ages, days, hours, special considerations, allergies etc and I will get back to you. -Thanks!
