Description Of Work: Did a moving out deep clean in my house (and even painted ceiling and trim in the bathroom!)

Member Comments: Chris and Brenda were simply the best, and their excellent customer service began prior to either of them even picking up a cleaning product! As I was giving the two the tour of what needed to be done, I pointed out a "broken" desktop computer in the office I hadn't been able to use for over a year. Chris walked over to the computer, typed in some magic code, and got it working! And I had yet to hire them, much less pay any money! Well, the job they were hired to do was phenomenally well-done, despite what a nuisance I was. I had promised them an empty house, and it was me who didn't deliver. When they showed up at 7:00 a.m., as promised, I was nowhere near ready! Yet they worked around me with great humor as I frantically tried to get all my junk out of their way. And I can honestly say -- by way of example -- that only out of the box have I ever seen a refrigerator as bright and shiny as Brenda got mine. And that went for the rest of the house as well. Their helpers were friendly, courteous and hardworking too. All in all, I was sincerely impressed by everyone at Trinity Professional Services and would enjoy the opportunity to utilize their services again. You can't go wrong with this group.

July 9, 2014 Brenda and Chris have been really easy to work with. They have communicated really well regarding the initial meeting and subsequent appointments. They have been very professional all the way through. They have completed their first thorough cleaning and did a great job! We have now signed them up to clean our house every other week.

July 8, 2014 Trinity did a fantastic job! I couldn't be happier with the work. I hired them to do a major deep clean of my house. They cleaned out all my cupboards and closets from the basement to the bathrooms. My whole family is amazed at the transformation and we are happy in our super clean, dust-free, pet hair-free house! I highly recommend them!

ready.

Member Comments: Extremely professional team. They were on time, did everything to the task and double-checked their work. The workmanship and attention to detail was pure and unmatched. They cleaned windows, washed cabinets inside and out, clean and polished all the hardwood floors. They washed all the closets (2 required a lot of attention and the team made them shine). The basement was grimy and not ready for entertaining, but Brenda and Chris made it sparkle and ready for the holidays. The bathroom now gleams where there once was soap scum, dust and debris. I highly recommend this team.
