

# Create Online Auction Listings (30, USD)

Location

**Kentucky**

<https://www.genclassifieds.com/x-653537-z>

I purchase off lease, overstock, foreclosure, estates, and other abandoned property. I am looking for someone to work part time on a flexible schedule to create listings on Ebay, or other online sites. Must have experience using online auction sites and software, I am not able to train to do this type of work.

30% Commission of profit of sale. Sale price minus listing fees, shipping costs, or other transaction costs. Typically the cost per item is indeterminable so we do not deduct that from the sale price.

System is basic. I have the stock and a place to take pictures. You pick from the stock and take pictures. Sell items through your own online account and upon sale you ship the item and transfer my share of the profit to my account.

Really trying to keep this simple. You can work anytime during the day that I am available, which is typically M-F 9 to 5. New stock comes in every week.
