I have a 7 month old black lab who needs a big yard to expend all his puppy energy and a loving family who can show him lots of love and attention. He comes with an XXL crate, food and supplies, heartworm prevention medicine, up to date on his shots and is fixed. He knows some commands like sit, lay down and shake. He is going to be a big boy so his crate measures 42"Lx28"Wx31"H. There is a rehoming fee of \$180 obo.

Please email or text only. If you would like more pictures, please ask and I will send them to you. Thank.
