Any drivers out there...there is a guy he says his name is Hassan Abraham. Arabic guy pretty tall, about 6'5 kind of skinny, short dark hair. He usually needs a ride from Howell and lives in Allen Park. I drove him 3 times and he paid me at the beginning of the ride. The last time, the 4th ride, I trusted him, said he was going to pay me but needed to get the money first...drove him to a few places and he took off on me. He owes me \$80. He also tried to steal my laptop but I caught him in time. Don't pick this guy up.

He says his girlfriend lives in Howell, where I picked him up from. I would suggest not to pick her up either if she needs a.
