hi, I'm 19 & pregnant with my first. He has a severe heart defect and will be in the hospital for a few months after he's born to have open heart surgery. I'm looking for a puppy or young dog to keep me company during that time and for him to grow up with. We live in Cleves Ohio, right next to Edgewater so he/she has plenty of room to play. :) We use Miami town vet and have a good history with them. I'm not picky on breed but I'm looking for free since all my money is currently going to my son. Text me at

Thank:)
