

youtube web series

Location **Minnesota** https://www.genclassifieds.com/x-653910-z

iv been itching to do a youtube web series for the past few months now. the idea is to take regular ordinary expressions, or activities, and try to show them in a humorous manner. not so much a plot to follow for episodes, but more just whatever we can think of to make funny.

a little about me.

im spontanious.

im hyper.

i like making different voices.

i love acting.

and there is almost always a smile on my face.

the goal of this is to create a page on youtube that actually becomes popular enough to profit from, and get attention from the right places. i am a person who, honestly would just love to do nothing more than make people laugh, and i dont want to have to try and do this alone. so how bout it.

who wants to help me bring smiles to the faces of millions?

please submit your name, age, gender, and reasons for contacting me to be considered for eligibility. i wanna know what inspires you to want to reach the world.

my reason? i dont want to have passed from this life without having tried to make an impact on the world. and i feel like this is a good way to.
