Hello, we are doing some cover shots for advertising purposes and are looking for a model with the look to represent our car.

Currently we are scouting back drops or background scenes for the shoot. The photos are paying 100\$ and you will be sent all the photos raw digital shots after completion.

The vehicle will be advertised on one website and also will be in a magazine later.

We may be shooting in two locations and see which we like better, probably will be on the west side of the cities and should take just 3 hours maybe 4. If over 4 hours its \$25 hr over time.

The muscle car is a Classic 1970 Plymouth Barracuda one very beautiful car!

We're doing only classy and retro photos.

For more information please email me through this ad and include a few photos (does not need to be professional) and a telephone number where you can be reached. Thank you!

*No experience needed

*3-4 outfits will be used

*3-4 hours \$25 additional/ hr for over time

*100\$ Cash for your time plus the full photo shoot digitally sent to you

*Using a DSLR 20MP camera
