Hello! I am seeking musicians to play music with me under my solo project. I am currently in the recording studio recording tracks for an upcoming release and am seeking musicians interested in playing my songs live. I have been in bands for many years so I do have all the experience necessary. Just need some people to hop on and learn my songs! Think Jeff Buckley/Coldplay/Lewis Watson. Pop/rock music with depth.

Currently seeking drums, bass, lead guitar, and keys (and hopefully you have some back up vocal capabilities, but not required). Please hit me up with your info and let's talk!

I have attached a link to my youtube channel which currently has mostly covers on it. I will also leave a link to my previous band where I wrote the songs, sang, played guitar, and recorded (note: these will not be the songs we play, style and writing has changed a bit since its release).

I'd prefer you be between the ages of 21-29 but hit me up regardless if you're interested.

I look forward to hearing from you!
