Hello Everyone,

My name is Emmanuel and I have a Sony VAIO EL2 laptop for sale. The laptop is black, it has a 15.5" screen, and it runs on the Windows 7 program. It is still fairly new and in an excellant working condition because I only used it for business purposes.

I am selling it as a PACKAGE and here's what it comes with...

- Sony VAIO 15.5" laptop (black)
- Kensington Portable Lock
- Protect It universal screen protectors
- IWorld headphones
- HP computer mouse
- Screen Eraser computer cleaning kit
- My Bat Original Antenna
- Screen Dr. Antimicrobial Screen and Device Cleaner

This is an excellent package that I am offering and at a very fair price. This package is worth well over \$1000 but I am only selling it for \$400. I live in Laurel (by Laurel Town Center) and I am 100% real, so please DO NOT waste my time. The price is final!

I look forward to hearing from you!
