

Finley, young chihuahua needs special family (Raleigh)

Location **North Carolina**
<https://www.genclassifieds.com/x-654469-z>

Finley is a 2-year-old male Chihuahua mix that is the most loving, affectionate, playful, animated little dog on the planet. He wants so badly to make you happy - he's a smart little dog that wants to learn commands, wants do tricks, and wants to protect you from birds, bumblebees, people at the door - anything that approaches your home! He is a ball of energy - he will run laps around the house, and play "King of the Mountain" on the back of the sofa with our other foster dogs. We have tried to let Finley sleep with us, but he can't stop digging tunnels in the covers and attacking our hands. Not to worry - he loves to sleep under a blanket in his crate - he knows crate time is sleep time.

A year ago, Finley was a frightened, abandoned dog. Now he loves my husband as much as he loves me. And he likes (not loves) my 3 kids. He has learned to successfully play with the other foster dogs - something he could not do for 6 months. He is now initiating contact with strangers, a great step forward. We have not yet worked on meeting new dogs. The ideal home for Finley is a home with one or two adults and no kids. I think he will be calmer without other cats and dogs, but he is capable of learning to get along. He actually adores the girls dogs! Finley needs very conscientious owners who will manipulate his introductions to other people and and pets, to ensure a rewarding experience for both - just continuing to reinforce that new people and new animals are enjoyable experiences. Your reward will be the most loving, apologetic, sweet, loyal dog ever. Finley is microchipped, vaccinated and neutered.

Adoption fee of \$135 includes his neuter, microchip, deworming, vaccines, heartworm testing, and flea/tick/heartworm prevention
